

Environmental Policy

Getmapping plc (the 'Organisation') recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the capture and supply of geographical data, information and imagery. It is the Organisation's declared policy to operate with and to maintain good relations with all regulatory bodies.

It is the Organisation's objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- a) Assess and regularly re-assess the environmental effects of the Organisation's activities
- b) Training of employees in environmental issues
- c) Minimise the production of waste
- d) Minimise material wastage
- e) Minimise energy wastage
- f) Promote the use of recyclable and renewable materials
- g) Reduce and/or limit the production of pollutants to water, land and air
- h) Control noise emissions from operations
- i) Minimise the risk to the general public and employees from operations and activities undertaken by the Organisation.

The Organisation will undertake a regular self-evaluation of its performance in implementing these measures and in complying with all applicable laws and regulations, in accordance with the schedule established within its Environmental Management System (EMS) Manual.

Getmapping plc maintains that a primary part of its corporate environmental strategy is sustainable waste management and as such recognises its responsibilities to recycle materials whenever possible.

The Organisation will endeavour to perform business electronically to reduce paper usage. Getmapping plc operates an energy conservation policy to ensure that all non-critical equipment is switched off when not needed.

The Organisation will always seek to purchase products that are environmentally friendly, re-usable, recyclable and re-use incoming packaging materials wherever possible.

Getmapping plc will work with its suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.

Getmapping recognises the Environmental impact of using aircraft within its operations and are actively seeking ways to contribute to projects aimed at offsetting CO2 emissions.

This Policy is communicated to all employees, suppliers and sub-contractors, is on display at the Organisation premises and is made available to the public via the Getmapping plc website.
