

VACANCY

Camera Operator & Mobile Mapping Surveyor

Title: Camera Operator & Mobile Mapping Surveyor

Reporting to: Getmapping Operations Director

Getmapping is a leading provider of aerial and ground based survey services in North-West Europe and Southern Africa. As part of our continued growth, an opportunity has arisen, to assist with our data capture and data management programs.

Main Duties:

- Operate our airborne sensors (mainly large format Vexcel cameras) and ground based mobile mapping equipment
- Assist with ground control point collection
- Assist with data supply to clients

Person Requirements:

The ideal applicant will be able to work autonomously as they will be working on their own away from base on occasions. However, they will also need to be a strong team player and embrace our team ethic of collective accountability. A willingness to learn and an ability to learn quickly and set themselves high quality standards for their work are also essential.

Training will be provided in the specific use of the equipment and software for data collection and post-processing, but some previous experience would be advantageous.

Essential:

- Secondary education
- Full clean UK Driving Licence
- Able to operate survey equipment in light aircraft (i.e. not prone to travel sickness)
- Comfortable with operating PCs and survey equipment and problem solving when hardware and software issues occur
- A commitment to delivering beyond the expectations of internal and external clients

Preferred:

- Airborne sensor experience
- Land surveying experience

Advantageous:

- Surveying qualification
- RICS qualification
- Knowledge of imagery processing software – UltraMap, GlobalMapper, Erdas, ERMapper
- Knowledge of GIS software – MapInfo, QGIS, ESRI, FME
- Knowledge of photogrammetry

Working Locations:

Our airborne operations are at Oxford (Kidlington) Airport and our main office is in Hartley Wintney, Hampshire and the successful applicant will ideally be located in easy reach of both sites.

Due to the nature of our business there will be an expectation to work throughout both the UK and Europe from time to time; with the potential to also assist our operations in Southern Africa with our sister company Geosense. In these cases, you will be expected to stay away from home and accommodation and subsistence will be provided.

Working Hours:

There are no set hours for this position but the successful applicant will be expected to work up to 42.5 hours per week on a rota, including weekends and public holidays. A reasonable amount of overtime is expected for which you will not be reimbursed.

Remuneration:

A competitive salary is offered. The position has the benefit of 25 days paid holiday plus bank & public holidays, company phone & travel expenses, a company bonus scheme and a company pension scheme.

Applications:

For more information or to apply for this exciting opportunity please send a covering letter and a copy of your CV to careers@getmapping.com.
